### 2.(a) Main findings

2.1 The school is very successful in fulfilling its aims.

## **The Aims of BESA**

BESA aims to be a happy school in which everyone is safe, treated with respect and encouraged to learn.

# Quality Assurance

- How do we know how good we are?
- How do we know how we should improve?

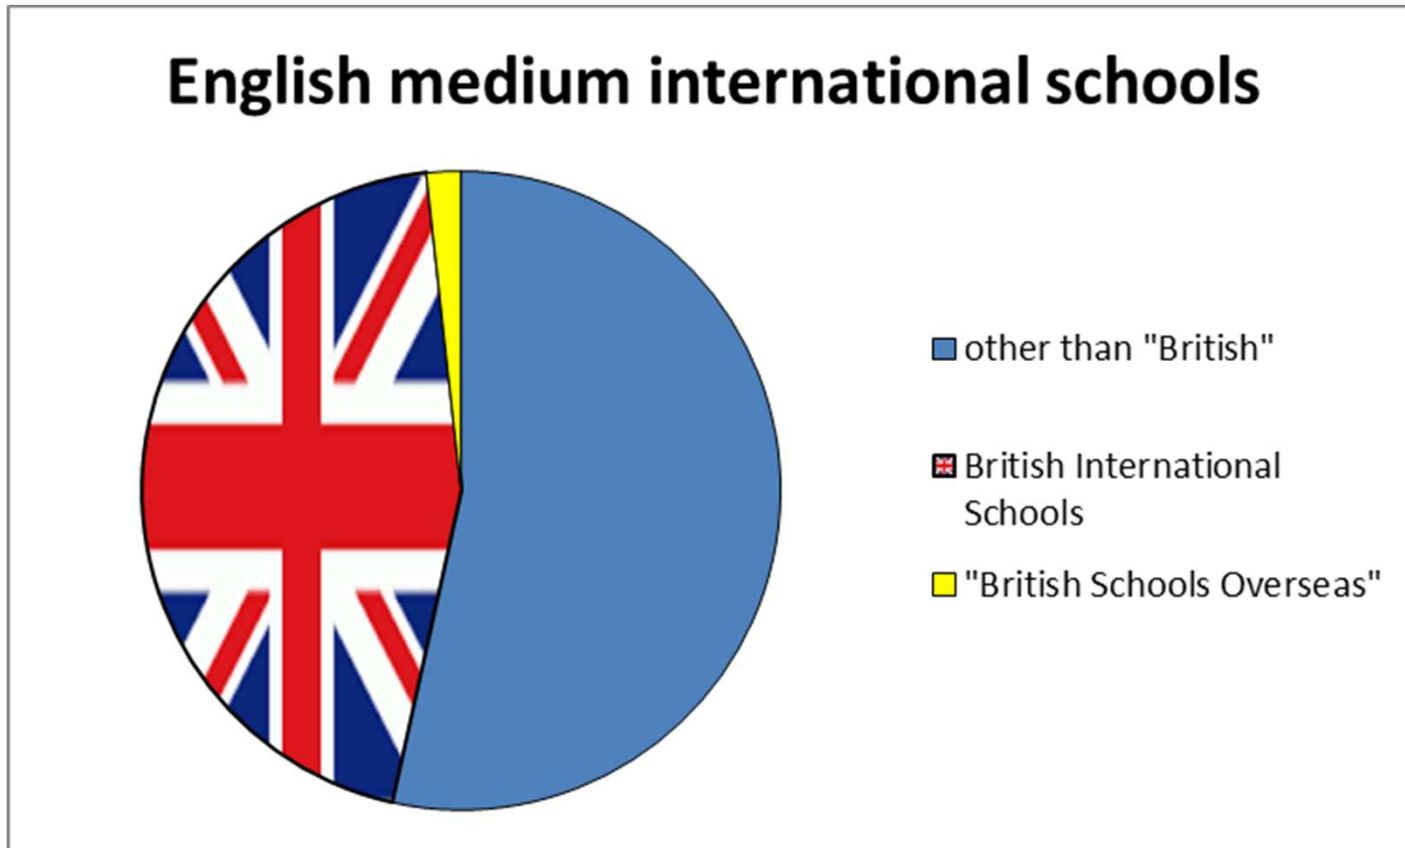

The term “**British Schools Overseas**” (BSO) may only be officially used by a school that has been inspected, within the past three academic years, by one of the inspectorates approved by the UK government’s Department for Education and has been judged to have met an acceptable standard. BSO inspections are based on the standards used to inspect the majority of independent (i.e. private) schools in England and Wales.
