

We asked parents, “What do you think we do well at BESA?” in our annual survey, March 2017. This is what they told us:

Great school with great leadership! We are very happy with the school.

We are extremely happy with the management of the school. A very happy school!

We are truly thankful to BESA for the excellent job they do in supporting our son to become a responsible and well educated person. We cannot think of a better school to send him to, be it in Ankara or anywhere else in the world.

BESA is the best thing that happened to us during our four years in Turkey.

BESA creates a very warm, family-like sense of community. There is a very positive and respectful environment. Education skills are excellent, kids seem to be ahead of their peers at other schools.

Teachers and education system in BESA inspire children to explore their individual potentials.

Good, family atmosphere, small and well connected community, easy going learning without too much pressure on kids

The school is an oasis in the middle of Ankara.

It is a great school and children learn in a friendly environment.

Just about everything! Great management, great teaching, lots of extra curricular opportunities, lots of interaction with parents.

All is great! And I would like to thank you for your commitment with the children's learning as well as with all the opportunities you are giving to them

The staff are very good, especially the Headteacher! He is very welcoming, insightful and knowledgeable. Thank you Mr Page!

Communication. Involving the parents. Making life fun for the children and parents. Taking away the stress at tense times

BESA encourages the children to be independent and believe in themselves.

The overall management and the feeling of safety and well-being of our children is commendable. Also, teaching children to think and innovate not just to memorize facts.

The best school in Ankara. I am glad to be attending this school.

Curriculum is very well thought out and implemented. Calendar is well organized and communicated clearly with special events. Weekly newsletter is appreciated. Teachers have recognized and taken quick action on my child's areas of strength and weakness.

Children are learning but not only lessons. They also learn behaving good, being kind and respectful. They feel confident at school.

BESA is extremely successful in raising self-confident and independent children. I am also very happy with the homework policy of the school, which is reasonable and not excessive like many of the schools in Turkey.

BESA does a great job of fostering a respectful, creative and challenging learning environment. Communication with parents is very good.

To be a member of BESA as a student and parents like to be a member of a big family. I thank you everyone who makes this school perfect.

School management is excellent and the teachers provide a very good and safe environment that learning in all age groups is possible.

Create a happy and safe learning environment for children.

You create a positive environment where children feel safe to learn.

It's a cosy school where children are appreciated and made to feel safe. I love that about BESA.

Encouraging being independent, being self-confident and nourish curiosity for learning. Children learn to be respectful, thoughtful whilst becoming global individuals.

I love the way children are motivated to think for themselves and to challenge and question statements. They also learn to be independent and to form and express their own opinions. I also am very happy with the opportunities children get to join activities (JMUN, COBIS games...) on top of the normal curriculum.

Everything!

Thank you all for making my children self confident, strong, happy at the school where everyone is safe, treated with respect and encourage to learn

Thanks to the entire BESA team, particularly the Head Teacher for ensuring such a wonderful learning environment for our kids.
