Ref: School Fee Increase

Dear Parents,

After careful consideration and a thorough analysis of our current financial situation, the Board of Governors has recommended that a school fee increase is necessary. Therefore, I am writing to inform you that starting from the academic year 2024-2025, there will be a 9.5% increase in school fees.

I understand that any increase in fees may present challenges for some families, and I know that the Board does not take this decision lightly. However, this adjustment is essential to ensure that we can continue to provide the high-quality education that BESA is known for. The additional revenue generated will be invested back into the school to support improvements in the school building, facilities, and resources.
