14<sup>th</sup> April 2022

Dear Parents,

## **School Fees for 2022/23**

The Board of Governors has approved the tuition fees at their most recent meeting and they are below for your information.

In setting the fees, they have considered carefully how to balance the target to maintain and improve BESA's high standards and the need to operate a balanced budget. BESA is entirely funded by school fees, and is a non-profit making school. We have therefore decided to apply a 1% increase to all fees for the 2022/23 academic year.

To make a 1% increase affordable the Governing Board has also taken into consideration the need to allocate fees more appropriately in relation to the operational costs of different classes in the school. This means that in some classes the fee increase is higher.

In 2019, the structure of the school changed to bring Year 6 into the middle years department. In doing so it accessed provision to the same facilities, learning opportunities and teaching staff as the other middle years' classes. As a new initiative, fees for Year 6 remained at their existing level but with the successful implementation of this change we have decided that it is appropriate for the Year 6 fees to be aligned with the rest of the middle years' classes. As this is the most significant increase we plan to implement it over the next two years with half of the increase being applied from September 2022.

A review of the youngest classes also identified that their operating costs are similar or higher than the Primary classes and we have therefore decided to align the fees for all classes from Nursery to Year 5.

As you would expect, we aim to ensure that BESA maintains its position as the leading international primary and middle school in Ankara.

On behalf of the Board of Governors I would like to wish you all a safe, happy and restful Easter and Bayram holiday.

With best regards,

Martin Robinson

BESA Chair of Governors
